5. Student Support and Progression

5.1 Contribution of IQAC in enhancing awareness about Student Support Services

The institute's prime focus is on high academic performance, through outcome based learning and evaluation process. IQAC helps to maintain and sustain quality parameters of the institute in every aspect of academics. Learning is made student-centric through series of lectures, seminars, presentations and industrial visits.

In order to promote the institute's vision, the IQAC contributes in the following ways –

1. Project exhibition competition for BE students. Prizes are given for best project.
2. Facilities required for the use of ICT are provided by management.
3. Funding is provided for selected projects.
4. Best outgoing student is identified every year from both faculty of engineering as well as management.
5. Effective monitoring of academic processes. Academic audit is arranged once/twice in a semester.
6. As per the result analysis of previous year, strategies are developed at the beginning of semester for improving the result. Also after the final result, remedial classes are arranged for slow learners.
7. Additional remedial/problem solving lectures/study hours for FE students were conducted.
8. The MBA students were given more hands on exposure through case studies, role plays, group discussions, Industrial visits and importantly the two months Summer Internship Programme which is mandatory for all students.
9. The quality of teaching is monitored through feedback which is obtained from the students to assure quality in teaching and learning process. The students' academic progress is monitored regularly by a well structured and executed mentorship program.

5.2 Efforts made by the institution for tracking the progression

The institute keeps track of student progression through following-

- 1) Annual Alumni Meet
- 2) Social Networking platforms
- 3) Institute's Website

Criterion – VI

6. Governance, Leadership and Management

6.1 State the Vision and Mission of the institution

The vision and Mission of SGI are listed below:

VISION

To emerge as a Leader in Engineering & Management Education and Research by providing Value based Quality education with World class infrastructure and strengthening strategic linkage with Industry, Premier Institutions and thereby shouldering Social responsibility.

MISSION

To provide students with value based quality education in engineering and management by-

1. Adopting innovative teaching learning practices that create proactive leadership.
2. Developing state of the art infrastructure that promotes a conducive ambience promoting innovation and research.
3. Fostering mutually beneficial partnerships with alumni, industry and institutes.
4. Inculcating ethics and values to develop socially responsible citizens and promote entrepreneurship.

6.2 Does the Institution has a management Information System

Yes, The Institution has a Management Information System. The academic records like attendance and progress of students is maintained through the College Management System. Student related data, academic performance, internal examination evaluation and monitoring etc. is a part of the MIS.

The Director and Dean – Academics have access and can retrieve the information as and when needed for monitoring as well as for corrective actions, if any.

6.3 Quality improvement strategies adopted by the institution for each of the following:

6.3.1 Curriculum Development

The Engineering programmes as well as the MBA programme is affiliated to Shivaji University. The institute does not have academic autonomy and thus has to abide by the curriculum designed by the respective Board of Studies and academic council of the Affiliating University.

However, the Faculty is encouraged to add value to the existing courses by way of Value Added Training, bridge module courses for their respective subjects. This applies for every department.

B.E, curriculum is revised effective from 2015-16. The discussions are held in the departmental meeting for up gradation of the curriculum and those inputs are given in the workshops arranged by university. During AY 2015-16, faculties have attended workshops for change in curriculum of BE.

Recently, the MBA part – I curriculum has been revised. Weightage for practical sessions is the highlight of the revised syllabus.

Dr. V. V. Kulkarni, Mechanical department and Dr. S. M. Shiyekar, Civil department and Dr. Abid Salati from Faculty of Management are members of the Board of Studies of Shivaji University BOS members in the university.

6.3.2 Teaching and Learning

- 1) The institute's prime focus is on high academic performance, through outcome based learning and evaluation process.
- 2) Learning is made student-centric through series of lectures, seminars, presentations and industrial visits. IQAC helps to maintain and sustain quality parameters of the institute in every aspect of academics.
- 3) For the effective teaching-learning, the process defined is as follows:
- 4) Preparation of calendar of event and calendar of activities, preparation of course file by individual faculty, preparation of course plan (course wise), maintaining the academic diary throughout semester, weekly report of syllabus coverage, monitoring of monthly attendance, result analysis of internal tests (CAT-I and II) and final exam, academic audits. Department wise annual reports are placed before AAC (Academic Advisory Council) and GB (Governing Body) members and are approved by them. Their valuable suggestions are accepted and implemented.
- 5) Facilities required for the use of ICT are provided by management.
- 6) Project exhibition competition for BE students. Prizes are given for best project.
- 7) Funding is provided for selected projects.
- 8) Best outgoing student is identified every year from both faculty of engineering as well as management.
- 9) Effective monitoring of academic processes. Academic audit is arranged once/twice in a semester.
- 10) As per the result analysis of previous year, strategies are developed at the beginning of semester for improving the result. Also after the final result, remedial classes are arranged for slow learners.
- 11) Additional remedial/problem solving lectures/study hours for FE students were conducted.
- 12) The MBA students were given more hands on exposure through case studies, role plays, group discussions, Industrial visits and importantly the two months Summer Internship Programme which is mandatory for all students.
- 13) The quality of teaching is monitored through feedback which is obtained from the students to assure quality in teaching and learning process. The students' academic progress is monitored regularly by a well structured and executed mentorship program.

6.3.3 Examination and Evaluation

The Faculty of Engineering conducts CAT I and CAT II Engineering Faculty

1. Two -internal Continuous Assessment Tests (CAT-I and II) are conducted as per the university question paper pattern. Term work (Internal marks) is based on CAT marks.
2. Merit scholarships are given to class wise toppers of each branch.
3. Awareness lecture of new exam and term work software implementation for non-teaching staff by Shivaji University.
4. A mid-test and a preliminary test was conducted for MBA I and II students for preparing them for the final examination. As per the guidelines the scores in the tests were considered for internal assessment of students.
5. Apart from the internal test students were evaluated on the basis of their performance in the field assignments like mini-projects, live projects, Seminars and presentations.

6.3.4 Research and Development

1. Study leaves (10 days per semester) are given to faculties for doing PhD.
2. Financial support is provided by the management for presenting research papers in conferences, seminars etc. As well as duty leaves are given for attending seminars, conferences, STTP's etc.
3. Incentives are given for the publication in referred journal. The policy regarding incentives to be given to the faculties for project fetched by them is also formed.
4. Establishment of advisory board that can help in the development of R and D cell.
5. Budget is sanctioned by the management for strengthening departmental R and D (for purchasing of instruments required for R and D).

6.3.5 Library, ICT and physical infrastructure / instrumentation

1. Every year budget for library is sanctioned by the management according to the increased intake and requirement of additional books, journals and e-journals. All the requirements of digital library are fulfilled by the institute.

Library awareness programs are arranged by the library coordinator for faculty/students at regular intervals.

6.3.6 Human Resource Management

The institute has a dedicated Human Resource Development Cell. The prime responsibility of this cell is to cater to the training needs of students as well as teaching and non-teaching staff with an objective of instilling a sense of confidence in areas like communication skills, presentation skills, analytical skills, technical skills and soft skills in general so that they could be moulded as all round professionals.

6.3.7 Faculty and Staff recruitment

In the month of February, UGC selection interviews were conducted for all vacant posts like category posts, associate and professor posts in each program (branch) of the institute and accordingly faculties are recruited.

6.3.8 Industry Interaction / Collaboration

1. Institute has department wise industry interaction (MOUs) through which BE students got projects of their respective programs, in AY 2015-16.
2. Industry interaction has helped in the improvement of curriculum.

6.3.9 Admission of Students

1. Students are admitted to the institute through CAP rounds.
2. The seats are allotted and filled by DTE as per the norms (Admissions are diversified)

6.4 Welfare schemes for

Teaching	Staff Quarters, study leave (for PhD, Post Doctorate), medical leave, marriage leave, staff uniform, Tuition fee concession for one child (in the school), PF, yearly insurance policies, SGI Co-operative credit society.
Non teaching	Staff uniform, medical leave, personal development trainings, Tuition fee concession for one child (in the school), PF, yearly insurance policies, SGI Co-operative credit society.
Students	Scholarships, medical facility at campus, library books for year wise toppers.

6.11 Activities and support from the Alumni Association

1. Involvement of alumni members in IQAC cell.
2. Delivering lecture for existing students regarding current/latest requirements by employer.
3. Feed back is given by alumni student during alumni meet for the improvement in the quality of different processes in the institute which helps in the development of curriculum.
4. Alumni supported in the training and placement activity as well.

6.12 Activities and support from the Parent – Teacher Association

1. Parent meet is arranged every year that helps in getting inputs for the growth of the institute.
2. Other way of communication with parents is through letters. Academic calendar is sent at the beginning of every semester, letters for the performances their wards after each internal test are also sent etc.

6.13 Development programmes for support staff

1. Computer literacy program.
2. Ownership program.
3. ARC awareness program.
4. Admission awareness lecture.

6.14 Initiatives taken by the institution to make the campus eco-friendly

1. Provision for rainwater harvesting for ground water level in the SGI campus
2. Provision for solid waste and hazardous management in the SGI campus
3. Provision for carbon neutrality in the SGI campus
4. Wastewater reuse process had been developed
5. Energy conservation methods adopted in campus
6. Use of Solar energy in the entire campus
7. Green campus. More plantation than earlier

Criterion – VII

Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- i) Environment Consciousness
- ii) A Green Audit of its campus and facilities
- iii) The initiatives taken by the college to make the campus eco friendly
- iv) Energy Conservation: We believe that there is a close connection between energy use in buildings and environmental damage arises because energy-intensive solutions sought to construct a building and meet its demands for heating, cooling, ventilation, and lighting cause severe depletion of invaluable environmental resources hence, our class rooms, offices, gymnasium, canteen, hostels & staff quarters are provided with enough ventilation & illumination to cut down energy use at day time. Purchase department and faculties are instructed to purchase energy saving (BEE certified) appliances. Instructions provided near switches to switch off lights & fans while leaving the room. 150 Solar Street Lights are installed in entire campus. Desktops have been bought with LCD screen to save on energy. Roof top solar water heating system (10 Kw) has been installed. CFLs/ LEDs are used to conserve energy. Printing is minimized and is always taken on both sides of the paper. The College installs a spirit of energy saving in all stakeholders, particularly among the students.
- v) Use of renewable energy: 150 Solar street lamps are installed in the entire campus. Solar water heaters are provided in hostel & staff quarters having capacity of 500 liters each. 10 MW grids connected Solar Electricity Generating System installed.
- vi) Water harvesting: Rain water harvesting is important part of building construction at SGI all buildings are provided with roof water harvesting structures. Appropriate plumbing arrangement has been done for rain water harvesting. Check dam, nalla bunds structures are constructed scientifically in campus. A ground water recharge well is provided Institute encourages NGOs working in the field of rainwater harvesting by providing funding

- vii) Check dam construction: One check dam is constructed in canal flowing through campus area
- viii) Plantation: SGI has developed green belt on 16 acres. Total 25 labours including 2 gardeners, 2 supervisors and 1 in-charge has been employed to maintain lawns and greenery. Sprinklers are provided for watering. Treated water from STP(Sewage Treatment Plant) is reused for gardening purpose. Organic Waste Converter is proposed to treat organic waste generated in campus and manure is used for gardening purpose. NSS students take active participation in tree plantation. Indigenous and exotic species are selected with the help of horticulturist. Institute has planted 8870 trees in and around campus,
- ix) Hazardous Waste Management: Institute is in process of registration with Common Hazardous Waste Treatment Storage and Disposal facility. SGI will observe strict compliance of Rules & Regulations in this regard. Eco-club encourage students on Hazardous Waste Management
- x) E- waste management: All the e-waste generated within campus will be store separately and disposed off through authorized vendors
- xi) Central Steering Committee (CSC) - Central Steering Committee have been established for academic year 2015-16. Under this cell 36 various cells were functioning. Each cell is headed by faculty members who were working as central coordinators under which faculty members from each department as departmental coordinators were working. CSC makes the schedule for various activities for complete academic year 2015-16. The review of each cell had been taken in a Central Steering Committee meeting held in every month in presence of Director, heads of department and central coordinators.
- xii) IQAC Cell - IQAC Cell have been established for academic year 2015-16. Under this cell 16 various cells were been formed. Each cell is headed by faculty members who were working as central coordinators. Under this cell faculty members from each department as a departmental coordinators were working. IQAC cells monitors smooth academic work and maintains proper documentations. The review of each cell have been taken in a IQAC Cell meeting held in twice in a semester in presence of Director, heads of department and central coordinators.
- xiii) Key Performance Indicator report (KPI) - Each department heads, presents a copy in CSC meeting regarding targets to be achieved in current academic year. These targets

were decided by each departments based on the performance in last three academic years. The action plan is also prepared for fulfillment of the targets.

- xiv) Student Feedback System: College online feedback system has helped faculty members assess their performance in the eyes of students. The instructions given by the Management has helped faculty members improve their performance. This has made them more confident and student sensitive.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year.

- i) Calendar activities: Calendar activities and Calendar events were prepared at the beginning of the semester.
- ii) Innovations - Paperless Office: Group Email services and Biometric Attendance system which helps to maintain the attendance of the staff and in turn it results in paperless office.
- iii) The ERP system: This was introduced in our college since 2011. This system helps the Institute management, Director, HOD's and Faculty to view the academic details of the student.
- iv) Research Activities: More emphasis is given on Research activities and publication of research papers by faculty members and students in different conferences/seminar/journals
- v) Faculty Seminars: Faculty seminars are conducted in each department. This has promoted a culture of faculty members keeping abreast with the latest technological developments in their field of interest as well as sharing and cross fertilization of ideas.
- vi) Encouragement for higher studies: Faculty members are encouraged to pursue higher studies during their tenure of service. Study Leave is also granted to faculty members who are registered for Ph.D.
- vii) Faculty Development Program: Soft skill and technical programs help the student and faculty to develop their communication skills, body language and the ability to converse with others. The staff members develop their knowledge and skills by attending these

types of programs. Through these programs they are able to teach current trends to the student and motivate them to undertake the projects for community in social development

- viii) Performance Monitoring: Continuous evaluation and regular monitoring and review of performance of teachers based on online feedback system and percentage of passes is conducted on a regular basis
- ix) Mentorship Program: For every 15 students, one teacher is allocated as a mentor. Special attention is required towards weak students in a class to improve their result. The college has introduced a structured system whereby weak students are identified and paired for an academically bright student who helps him with his difficulties, assignments etc. Also good students of final year conduct doubt clearing interactive sessions.
- x) Course Plan: Faculty members prepared a course plan with review questions on each unit and one 100 marks model question paper based on syllabus provided by the university. This course plan is made available to students in the central library and Institute website. Students are allowed to take copies of the same.
- xi) Remedial Classes: These are conducted for selected difficult subjects for the students of I, II and III year. These classes helped them in improving the passing percentage and catering to weak students.
- xii) ICT: It is employed in teaching-learning process.
- xiii) E-learning: NPTEL video lectures and content management system are used regularly.
- xiv) MoU Sign: MoU signed with many IT Industries and Institutes. Through these MoU the Industry representatives deliver lectures to the students and the staff to develop themselves based on the needs of the industry.
- xv) Latest & Sophisticated equipment added every year with industries: The latest equipments are purchased every year for the development of the academic and infrastructure.
- xvi) Entrepreneurship Cell: Workshops are conducted to inculcate Entrepreneurship and leadership skills among students.

7.3. Give two Best Practices of the institution

i) Student Feedback System: College online feedback system has helped faculty members assess their performance in the eyes of students. The instructions given by the Management has helped faculty members improve their performance. This has made them more confident and student sensitive.

ii) Outcome Base Education (OBE) – SGI is implementing outcome base education system in the institute. Three departments namely Civil Engineering, Mechanical Engineering, Faculty of Management was accredited by NBA in the academic year 2015-16 in new format based on OBE system.

7.4 Contribution to environmental awareness / protection.

- i) All engineering second year students conducted environmental studies project every year.
- ii) Faculty participated in national workshops in environmental engineering and studies

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (For example SWOT Analysis)

- i) Suryamitra skill development education programme was conducted at SGI on dated 20-05-2016 organised by Central Government of India.
- ii) Metallurgical school and skill development programme SSC/HSC started in academic year 2015-16 under Ministry for Micro Small and Medium Enterprise, Central Government of India, Agra.
- iii) SGI conducted various competition programme of each department under co-curricular and extra-curricular activities.
- iv) SGI implementing a scheme to distribute books through library to topper students in every year
- v) Cooperative society formation is in process.

- vi) Provision for rainwater harvesting for ground water level in the SGI campus
- vii) Provision for solid waste and hazardous management in the SGI campus
- viii) Provision for carbon neutrality in the SGI campus
- ix) Institute's director Dr. Raikar sir was awarded "100 Most Influential Directors of India" as per the survey conducted by World education congress.
- x) Mrs. S. P. Patil, Basic Sciences and Humanities department received Best Teacher Award 2015 from Avishkar Foundation, Kolahpur.
